New ordering codes and part numbers

To make ordering simple we have introduced a new ordering code and changed the part number. If you are already a customer, please use the table. To ensure you can still find your sensor easily, it contains information and cross-references to old SK-, SK1- and SV-designations for the new BCS-, BAE- and BAM-designations and ordering codes. The changeover affects only ordering codes and part numbers, the sensors themselves remain unchanged.
