

BF1TMA

Light right down to the point

The BF1TMA lamp was created for precision lighting on machine tools. Featuring a robust IP65 structure to resist shavings and vibrations, this lamp can be used to check semi-finished pieces directly at the point of manufacture, avoiding the need to move. The white 5000 K light with 8°, 25°, 40° or 60° focus lenses helps to illuminate particular details within a two-metre radius thanks to the removable magnetic head and coiled cable.

- 4 types of lenses available: 8°, 25°, 40° or 60°
- Removable magnetic head, maximum freedom of movement
- Structure with a high degree of protection IP65
