

## V720-D52P90 Key Tag

V720 Key Tag

Note : Specification subject to change without notice.

### ■ Product Description

Key tags or tear drop tags are Radio Frequency Identification (RFID) tags from OMRON that conform to the international standard ISO 15693. The external housing is made of Epoxy, which is waterproof and withstands heavy use. These key tags are used in Access Control and Customer Loyalty Systems, and can also be used to mount on objects for tracking and tracing applications.

### ■ Features

- Protection class: IP67.
- Dimensions: 31.5 x 45 x 1.6 mm (w x h x t).
- Omron inlet with I-code inside with 44 bytes User Memory Area, EEPROM.
- Communication frequency: 13.56 MHz.
- Standard Color: Anthracite; other colors and shapes on request.

### ■ Benefits

- Waterproof
- Withstands heavy use
- Easy to mount on your bunch of keys or to other objects
